In the past we've played wiffle ball, dodgeball, kickball, basketball, soccer, football, baseball (catch), and other exciting athletic activities. Fair warning: Chris claims to have never lost a basketball game to MNS students and intends to keep his perfect record intact! Following the sports outing the group will convene at the winner's favorite neighborhood pizzeria for a triumphant feast.

Hallie and Caitlin:

Two winners can each bring a friend and go out to lunch and dessert in the neighborhood during the school day.

Eve:

Tea and Madelaines with Eve:

There is nothing better, after a hard day's work, than a cup of tea and a plate of Madelaines at a quiet pâtisserie on Rue du Bac in Paris. Since we can't jet over to the City of Light, we will select a sunny New York afternoon and tuck into a local pastry shop for an hour or so to settle our frazzled nerves with beverage and pastry of your choice and enjoy remembrances of things past.

Lisa:

Dying to go "out to lunch" before all of your friends? Grab a friend and head out to lunch with Lisa to one of our neighborhood hot spots. We'll find a favorite spot close by, and have some great food and fun.

Clusters

Anita and Valerie – Guidance Counselor and Psychologist:

The winner and a friend or sibling will join Anita and Valerie for a treat after school and then on an excursion to the DiMenna Children's Museum at Central Park West between 76th and 77th streets.

Steve - Technology:

This glorious 16th annual event will have 3 lucky winners, for an eating BONANZA (or known by the kids, “Eat till you Barf”). We will start this belly bustin food fest at Serendipity’s where we will make total pigs of ourselves, getting brain freezes on frozen hot chocolates, eating french fries and caramel (yes it is amazing!) and making a scene with the tourists. Next the group is off to Dylan’s Candy Bar for a candy eating explosion and photo shoot as we see how many atomic war heads we can eat at one time. Each student will receive pictures of themselves and their friends getting wacky. The NYT says “This play date is a winner – 4 stars”. Time Magazine says “Barfing was never so much fun, worth every penny”. (3rd through 5th grade only).

Pamela - Art:

Come and bring two friends to the Art Studio during your lunch time for a Rock n Roll art-making, pizza party! You can choose the art project!

One lucky winner and a friend to lunch during school hours at neighborhood restaurant of his/her choice!

Kristine - Science:

The lucky scientist who wins this raffle, along with two classmates, will form their own School of Rock band by making instruments while learning about science of sound. The children will bring their instruments home to provide endless hours of musical entertainment to their family (and possibly neighbors, if they are loud enough)! We will order lunch from the children’s favorite neighborhood spot to fuel their creativity.

Annie – Reading Support:

The winner and a friend can go to lunch at a neighborhood restaurant of their choice!
