

VOTE BY APRIL 15th FOR

PS 290 K Co-Ed Bathroom Restoration

MNS was built in 1901. The bathroom used by all our kindergarteners has 2 stalls, 2 urinals and sinks that are **way too high** for the kids to reach. On the ballot of Councilman **Ben Kallos' District 5 Participatory Budget**, <https://benkallos.com/pb> is a project to re-construct the kindergarten bathroom to give our little ones appropriately-sized stalls & sinks to improve their sanitation & safety.

Voting is *super* –
